

FOR IMMEDIATE RELEASE

UPDATE: July 12, 2022

(Map Attached)

Update (July 12) – Road restoration efforts on Narcoossee Rd.

Kissimmee, Fla. (Tuesday, July 12, 2022) — Due to the ongoing road restoration in the Narcoossee Rd. area and public inquiry, Toho Water (Toho) is providing periodic in-depth updates regarding the restoration efforts.

UPDATE DETAILS:

The interlocal agreement between Toho and Osceola County, which describes the repair method required for each depression area and any other areas where depressions may form due to the underground boring, was approved by Osceola County on February 7, 2022.

The roadway repair contract addendum has been executed. The contractor has ordered the materials required to perform the repairs and is expected to mobilize to the project site the week of August 8, 2022.

The safety of everyone is of the upmost importance. Motorists and pedestrians are urged to use caution when approaching this area as lanes are temporarily shifted and workers may be present. Speed limits may be reduced and sidewalks possibly closed and diverted.

BACKGROUND

A water line was recently installed in the area to enhance pressure for Toho customers and meet the future needs of the growing community. An underground boring method was utilized to install the water line. This method minimizes the impact on area residents and the traveling public by eliminating the need for area excavation. Unfortunately, it was discovered that the installation caused three road depressions on Narcoossee Rd. The original road restoration plan had to be revised.

Update (June 3) – Road restoration efforts on Narcoossee Rd.

Kissimmee, Fla. (Friday, June 3, 2022) — Due to the ongoing road restoration in the Narcoossee Rd. area and public inquiry, Toho Water (Toho) is providing periodic in-depth updates regarding the restoration efforts.

UPDATE DETAILS:

The interlocal agreement between Toho and Osceola County, which describes the repair method required for each depression area and any other areas where depressions may form due to the underground boring, was approved by Osceola County on February 7, 2022.

The roadway repair price has been accepted by Toho and a contract addendum submitted to the contractor for signature. Toho is currently organizing a meeting with the contractor to discuss construction schedules.

The safety of everyone is of the utmost importance. Motorists and pedestrians are urged to use caution when approaching this area as lanes are temporarily shifted and workers may be present. Speed limits may be reduced and sidewalks possibly closed and diverted.

BACKGROUND

A water line was recently installed in the area to enhance pressure for Toho customers and meet the future needs of the growing community. An underground boring method was utilized to install the water line. This method minimizes the impact on area residents and the traveling public by eliminating the need for area excavation. Unfortunately, it was discovered that the installation caused three road depressions on Narcoossee Rd. The original road restoration plan had to be revised.

###

Update (April 29) – Road restoration efforts on Narcoossee Rd.

Kissimmee, Fla. (Friday, April 29, 2022) — Due to the ongoing road restoration in the Narcoossee Rd. area and public inquiry, Toho Water (Toho) is providing periodic in-depth updates regarding the restoration efforts.

UPDATE DETAILS:

The interlocal agreement between Toho and Osceola County, which describes the repair method required for each depression area and any other areas where depressions may form due to the underground boring, was approved by Osceola County on February 7, 2022.

The roadway repair design has been completed and sent to the contractor for pricing. A price for the repairs is expected to be submitted for review and evaluation the week of May 2, 2022. It is anticipated that price negotiation and approval will take approximately three weeks.

The safety of everyone is of the upmost importance. Motorists and pedestrians are urged to use caution when approaching this area as lanes are temporarily shifted and workers may be present. Speed limits may be reduced and sidewalks possibly closed and diverted.

BACKGROUND

A water line was recently installed in the area to enhance pressure for Toho customers and meet the future needs of the growing community. An underground boring method was utilized to install the water line. This method minimizes the impact on area residents and the traveling public by eliminating the need for area excavation. Unfortunately, it was discovered that the installation caused three road depressions on Narcoossee Rd. The original road restoration plan had to be revised.

###

Update (March 25) – Road restoration efforts on Narcoossee Rd.

Kissimmee, Fla. (Friday, March 25, 2022) — Due to the ongoing road restoration in the Narcoossee Rd. area and public inquiry, Toho Water (Toho) is providing periodic in-depth updates regarding the restoration efforts.

UPDATE DETAILS:

The interlocal agreement between Toho and Osceola County, which describes the repair method required for each depression area and any other areas where depressions may form due to the underground boring, was approved by Osceola County on February 7, 2022.

The design scope of services for the repairs was approved by Toho in January 2022. It is anticipated that the design for all three repair areas will take about two months and the repairs completed in three months. Toho submitted 60% level drawings to Osceola County for review on February 28, 2022. Comments from Osceola County are pending.

The safety of everyone is of the utmost importance. Motorists and pedestrians are urged to use caution when approaching this area as lanes are temporarily shifted and workers may be present. Speed limits may be reduced and sidewalks possibly closed and diverted.

BACKGROUND

A water line was recently installed in the area to enhance pressure for Toho customers and meet the future needs of the growing community. ###

Update (November 19) – Road restoration efforts on Narcoossee Rd.

Kissimmee, Fla. (Friday, November 19, 2021) — Due to the ongoing road restoration in the Narcoossee Rd. area and public inquiry, Toho Water (Toho) is providing periodic in-depth updates regarding the restoration efforts.

UPDATE DETAILS:

Osceola County and Toho have reached a consensus regarding the repair methods for the three depression areas. Osceola County and Toho are currently drafting the final agreed upon language that will be included in the interlocal agreement, which describes the repair method required for each area and any other areas where depressions may form due to the underground boring.

Toho is working with a consultant to provide a design scope of services for the repairs. It is anticipated that the design scope negotiation will take one month, design for all three repairs areas will take about two months and the repairs three months.

The safety of everyone is of the utmost importance. Motorists and pedestrians are urged to use caution when approaching this area as lanes are temporarily shifted and workers may be present. Speed limits may be reduced and sidewalks possibly closed and diverted.

BACKGROUND

A water line was recently installed in the area to enhance pressure for Toho customers and meet the future needs of the growing community. An underground boring method was utilized to install the water line. This method minimizes the impact on area residents and the traveling public by eliminating the need for area excavation. ###

Update (October 15) – Road restoration efforts on Narcoossee Rd.

Kissimmee, Fla. (Friday, October 15, 2021) — Due to the ongoing road restoration in the Narcoossee Rd. area and public inquiry, Toho Water (Toho) is providing periodic in-depth updates regarding the restoration efforts.

UPDATE DETAILS:

Depression 1 - South of Majestic Oaks Circle - Discovered January 2021

- The repair parameters and repair method has been approved by Osceola County.
- Road repair design is 90% complete and is currently under review by Osceola County.
- The additional soils investigation requested by Osceola County on the north side of Majestic Oaks Circle has been completed and submitted to Osceola County for review.

Depression 2 - Turn lane/median in front of Hammock Circle - Discovered March 2021

- The additional soils investigation requested by Osceola County has been completed and submitted to Osceola County for review.

Depression 3 - North of Majestic Oaks Circle - Discovered May 2021

- The additional soils investigation requested by Osceola County has been completed and submitted to Osceola County for review.

The safety of everyone is of the upmost importance. Motorists and pedestrians are urged to use caution when approaching this area as lanes are temporarily shifted and workers may be present. Speed limits may be reduced and sidewalks possibly closed and diverted.

BACKGROUND

A water line was recently installed in the area to enhance pressure for Toho customers and meet the future needs of the growing community. An underground boring method was utilized to install the water line. This method minimizes the impact on area residents and the traveling public by eliminating the need for area excavation. Unfortunately, it was discovered that the installation caused three road depressions on Narcoossee Rd. The original road restoration plan had to be revised.

Toho and Osceola County are negotiating an agreement for the road restoration relating to the three road depressions discovered on Narcoossee Rd. listed above. Furthermore, the investigative and repair

process for any future depressions that may occur due to this boring method is being developed to minimize community impact.

Update (July 16) – Road restoration efforts on Narcoossee Rd.

Kissimmee, Fla. (Friday, July 16, 2021) — Due to the ongoing road restoration in the Narcoossee Rd. area and public inquiry, Toho Water (Toho) is providing periodic in-depth updates regarding the restoration efforts.

Toho and Osceola County are currently negotiating an agreement for the road restoration relating to the three road depressions discovered on Narcoossee Rd. Furthermore, the investigative and repair process for any future depressions that may occur due to this boring method is being developed to minimize community impact.

UPDATE DETAILS:

Depression 1 - South of Majestic Oaks Circle - Discovered January 2021

1. The repair parameters and repair method has been approved by Osceola County.
2. Road repair design is 90% complete and has been sent to Osceola County for review. The County is expected to take two weeks to review and comment on the plan submittal.

Depression 2 - Turn lane/median in front of Hammock Circle - Discovered March 2021

1. Evaluation into road repair parameters have been completed and submitted along with repair recommendations to Osceola County on 6/17/21 for review and approval. A review status request has been sent to Osceola County.
2. Upon Osceola County's approval of the repair method, Toho will begin roadway repair design for depression 2.

Depression 3 - North of Majestic Oaks Circle - Discovered May 2021

1. Soil investigation analysis and area of road repair parameters has been completed.
2. The soil investigation report along with repair recommendations have been sent to Osceola County for review and approval. The County is expected to take two weeks to review and comment on the plan
3. Upon Osceola County's approval of the repair method, Toho will initiate design of the road repair for depression 3.

###

In-depth update concerning road restoration efforts on Narcoossee Rd.

Kissimmee, Fla. (Friday, June 25, 2021) — Due to the ongoing road restoration in the Narcoossee Rd. area and public inquiry, Toho Water (Toho) is providing an in-depth update to the restoration efforts.

A water line was recently installed in the area to enhance pressure for Toho customers and meet the future needs of the growing community. An underground boring method was utilized to install the water line. This method minimizes the impact on area residents and the traveling public by eliminating the need for area excavation. Unfortunately, it was discovered that the installation caused three road depressions on Narcoossee Rd. The original road restoration plan had to be revised.

Toho has performed soil density tests for the first two depressions, which were discovered in January and March 2021. The soil density test for the third depression, discovered in May 2021, is currently underway and is expected to be completed within the next two weeks. Toho and Osceola County are currently negotiating an agreement for the road restoration. Furthermore, the investigative and repair process for any future depressions that may occur due to this boring method is being developed to minimize community impact.

AS OF NOW THE FOLLOWING IS UNDERWAY:

Depression 1 - South of Majestic Oaks Circle - Discovered January 2021

1. A repair method for this depression has been approved by Osceola County.
2. Road repair design is 60% complete.
3. Evaluation into road repair parameters have been completed and submitted to Osceola County on 6/17/21 for review and approval.

Depression 2 - Turn lane/median in front of Hammock Circle - Discovered March 2021

1. Evaluation into road repair parameters have been completed and submitted along with repair recommendations to Osceola County on 6/17/21 for review and approval.
2. Upon Osceola County's approval of the repair method, Toho will begin roadway repair design for depression 2.

Depression 3 - North of Majestic Oaks Circle - Discovered May 2021

1. Soil investigation analysis and area of road repair parameters is currently underway and is expected to be completed within the next two weeks.
2. Upon completion of the soil investigation report, it will be sent along with repair recommendations to Osceola County for review and approval.
3. Upon Osceola County's approval of the repair method, Toho will initiate design of the road repair for depression 3.

Within the next two weeks Toho and Osceola County will meet to discuss progress and action items. An update will be issued.

The safety of everyone is of the upmost importance. Motorists and pedestrians are urged to use caution when approaching this area as lanes are temporarily shifted and workers may be present. Speed limits may be reduced and sidewalks possibly closed and diverted.

Kissimmee, Fla. (Friday, May 7, 2021) – Toho Water is announcing that the revised plan for road paving restoration on Narcoossee Rd. between Boggy Creek Rd. and Waterside Vista Ln. is currently under review with Toho and Osceola County. Once finalized, a timeframe will be issued for completion.

Motorists and pedestrians are urged to use caution when approaching this area as lanes are temporarily shifted and workers may be present. Speed limits may be reduced and sidewalks possibly closed and diverted.

The new water line installed in the Narcoossee Rd. area is now in operation for Toho customers on Cyrils Drive. The new line will enhance water pressure in the area for Toho customers and meet future needs of the growing community.

Updates are issued every Friday. Please visit www.tohewater.com/projects for more project details and updates or call our customer service department at 407-944-5000.

###

UPDATE: Narcoossee Road paving restoration plan under review with Toho Water and Osceola County

Kissimmee, Fla. (Friday, April 30, 2021) – Toho Water Authority (Toho) is announcing that the revised plan for road paving restoration on Narcoossee Rd. between Boggy Creek Rd. and Waterside Vista Ln. is currently under review with Toho and Osceola County. Once finalized, a timeframe will be issued for completion. Due to soil density tests conducted in the area, the original road restoration paving plan had to be revised.

Motorists and pedestrians are urged to use caution when approaching this area as lanes are temporarily shifted and workers may be present. Speed limits may be reduced and sidewalks possibly closed and diverted.

###

UPDATE: Outside southbound lane has reopened on Narcoossee Rd.; restoration delay on Boggy Creek Rd.

Kissimmee, Fla. (Friday, January 15, 2021) – The outside southbound lane between Boggy Creek Rd. and Waterside Vista Lane which had been closed Monday – Friday from 9 a.m. – 2 p.m. has now reopened.

Sidewalk and area restoration underway on Boggy Creek Rd. between Fells Cove Blvd. and Narcoossee Rd. is now expected to be completed by Friday, January 22, 2021. This is due to an unforeseen delay with cement delivery.

Toho Water Authority is currently installing a new water line in the Narcoossee Rd. area near Majestic Oaks. Please visit www.tohowater.com/projects for more project details and updates or call our customer service department at 407-944-5000.

###

Southbound lane closure on Narcoossee Rd. for new water line installation

Kissimmee, Fla. (Friday, January 8, 2021) - Toho Water Authority is currently installing a new water line in the Narcoossee Rd. area near Majestic Oaks. In order to conduct the installation and for the safety of workers and the traveling public, the outside southbound lane between Boggy Creek Rd. and Waterside Vista Lane is closed Monday – Friday from 9 a.m. – 2 p.m. (please see map.)

Sidewalk and area restoration is underway on Boggy Creek Rd. between Fells Cove Blvd. and Narcoossee Rd. and is expected to be completed by January 15, 2021. The Whisper Wind Drive entrance and exit to Majestic Oaks is no longer expected to experience temporary lane closures until the final restoration phase for Narcoossee Rd. An update will be provided once a timeframe has been determined.

The new water line will enhance water pressure in the area for customers and meet future needs of the growing community. The project is expected to be completed by March 2021. Schedules could vary according to weather and other unforeseen circumstances.

Motorists and pedestrians are urged to use caution when approaching these areas, as workers will be present and speed limits may be reduced and sidewalks possibly closed and diverted. Flaggers will be in place directing traffic when needed.

TEMPORARY INCONVENIENCES

- Noise and vibrations
- Barricades and fencing for safety

- Trucks, machinery and equipment

SAFETY

- If you see a potentially unsafe situation, or equipment or fencing that requires attention, please contact Toho's Customer Service Department immediately at 407-944-5000.
- Please keep children away from the construction site at all times to avoid accidents.
- If you become aware of a public safety emergency, please call 911 immediately.

Please visit www.tohewater.com/projects for more project details and updates or call our customer service department at 407-944-5000.

###

Established in October 2003 by a special act of the Florida legislature, Toho Water Authority (TWA) is the largest provider of water, wastewater and reclaimed water services in Osceola County. Toho currently serves over 100,000 customers in Kissimmee, Poinciana and unincorporated areas of Osceola County.
