November 23, 2025

Lifted: 3rd Avenue precautionary boil water advisory

11.23.25 - The precautionary boil water advisory has been lifted. Customers are no longer advised to boil their water prior to consumption.

###

3rd Avenue precautionary boil water advisory

11.21.25 - Toho Water Authority (Toho) has issued a precautionary boil water advisory for customers located at 609 and 618 3rd Avenue in Kissimmee (see map below).

This is due to a service interruption caused by a contractor working in the area. Service is expected to be restored by 3 p.m. Schedules may change due to weather or unforeseen circumstances. The precautionary boil water advisory will be in effect until lifted by Toho.

As a precautionary measure, customers are advised to boil their water for one minute prior to consumption (drinking, cooking, making ice, brushing teeth or washing dishes). As an alternative bottled water may be used. Water used for laundry or bathing/showering does not need to be boiled.

Once service is restored, a two-day minimum of regulatory testing is required to make sure the water meets drinking water standards. **An update will be provided by Sunday, November 23.**

For more information, contact Toho's customer service at 407-944-5000 or visit our News & Alerts section on tohowater.com.
